

EasyFillPro | Waterborne Filler

**Highly effective:**  
**Maximum filling power.**  
**One and done.**

**EasyFillPro** provides maximum filling power with **just one application**. **Easy-to-use system, quick dry off, excellent sandability** and **perfect color matching** combine **best results**.

## LOBA customers excited about EasyFillPro

### Oakhill Distribution Inc., Canada

"We are absolutely thrilled about the filling power and the perfect color matching. The product is awesome!"

### SPD Floor, Ukraine

"We love EasyFillPro and are very happy to finally give up our solvent-based fillers."

## Find out for yourself!

- Easy-to-use application
- maximum filling power, fills even wide joints
- quick dry off
- excellent sandability, low adhesion on sanding paper
- great color matching on oiled and coated surfaces
- filler stays perfectly in the joints, no subsiding
- neutral smell
- applicable on numerous different woods

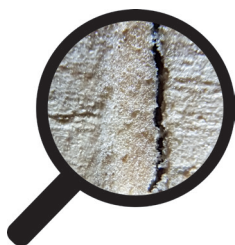

Article No. 11039 | Giscode W2+ | Container sizes 1L, 5L

## Waterbased fillers compared:

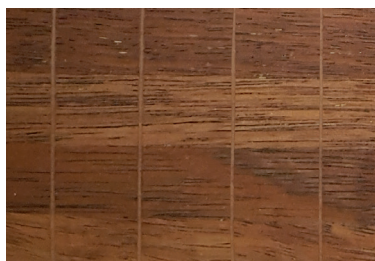

### LOBADUR® EasyFillPro

EasyFillPro provides much **better filling results** than other waterbased fillers on the market.
